## Luther advises Brandenburg Kapital on its investment in Veganz Group AG

**Berlin – Brandenburg Kapital, the leading venture capital company in the Brandenburg region, helps Veganz Group AG set up a production facility for its vegan food products as part of an equity round raising EUR 11 million. This is the third time that Luther has advised the venture capital investor on a transaction.**

Veganz Group AG is considered to be one of the few independent vegan companies in Germany, with a full range of vegan products and the award for the Most Innovative Food Brand 2021. The company is continuously growing and is planning to go public within the next twelve months to give itself another option regarding financing the enormous growth opportunities for the future.

The company specialising in plant-based foods will use the funds invested by Brandenburg Kapital, amongst others, to engage in production on an area of over 9,000 square meters in the state of Brandenburg in future. In addition to plant-based alternatives to classic dairy products, such as blue cheese and Camembert, vegan alternatives to meat and fish will also be produced.

### **About Brandenburg Kapital GmbH**
